

Data Analytics Foundations

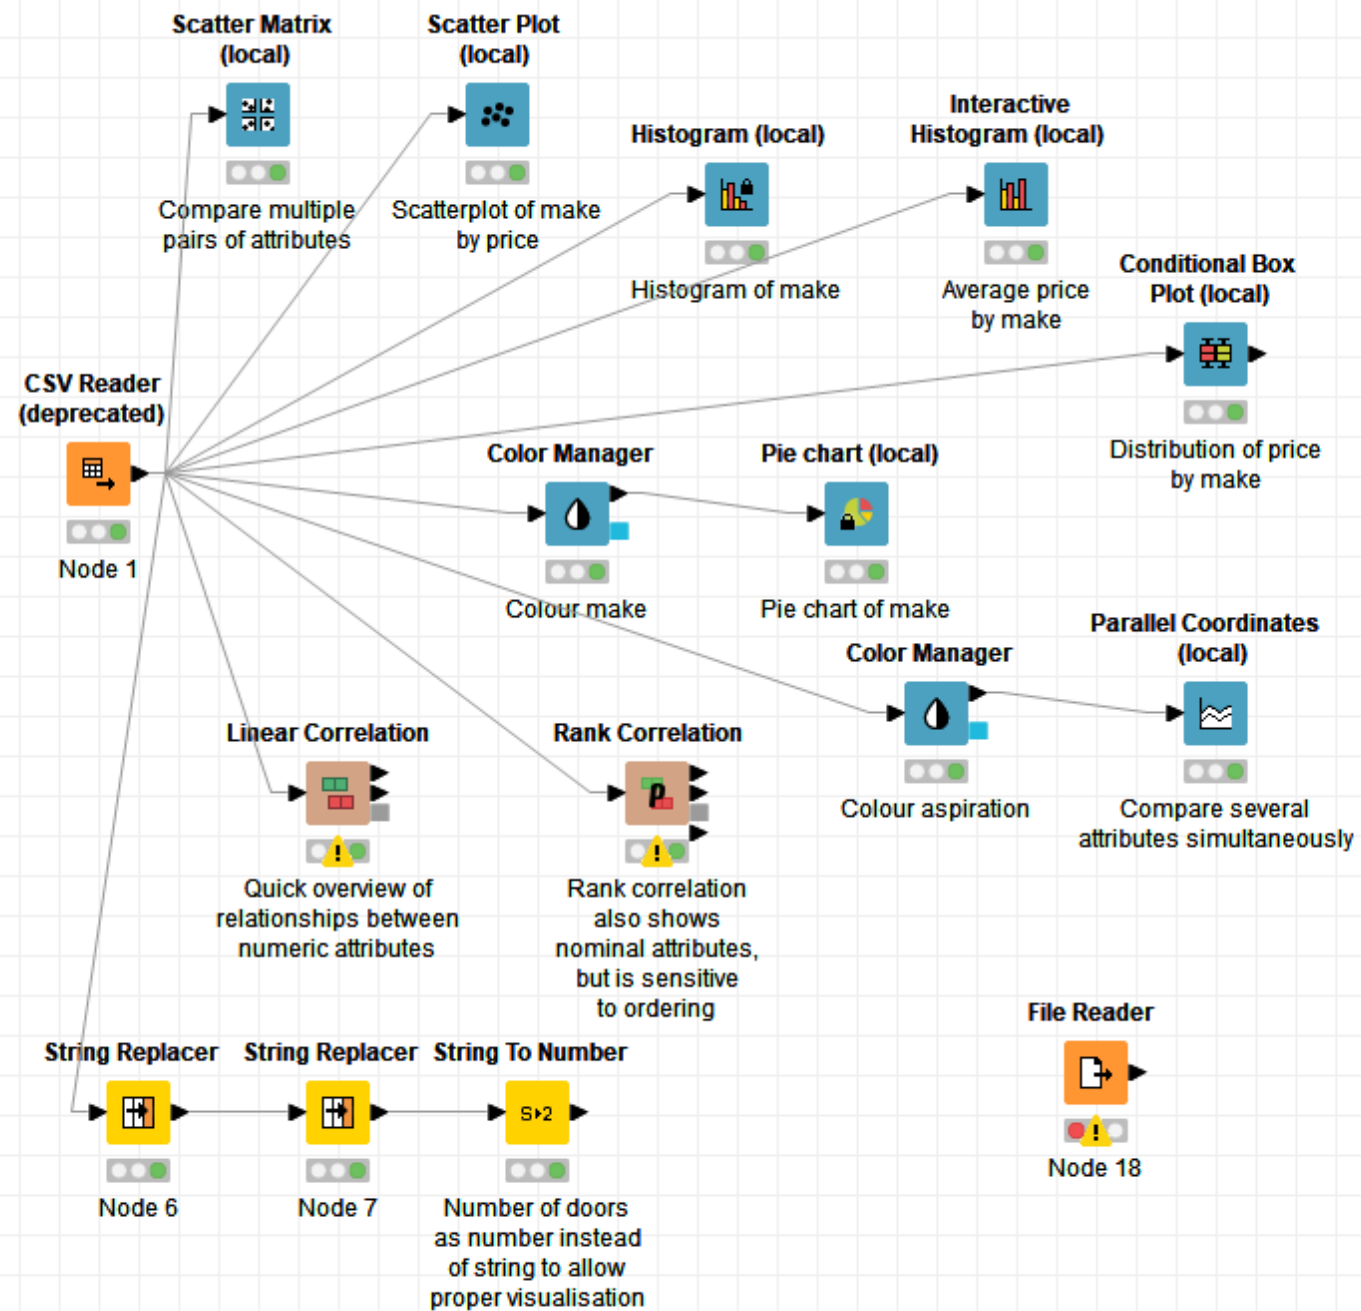

Online Workshop 6

Data exploration and visualisation

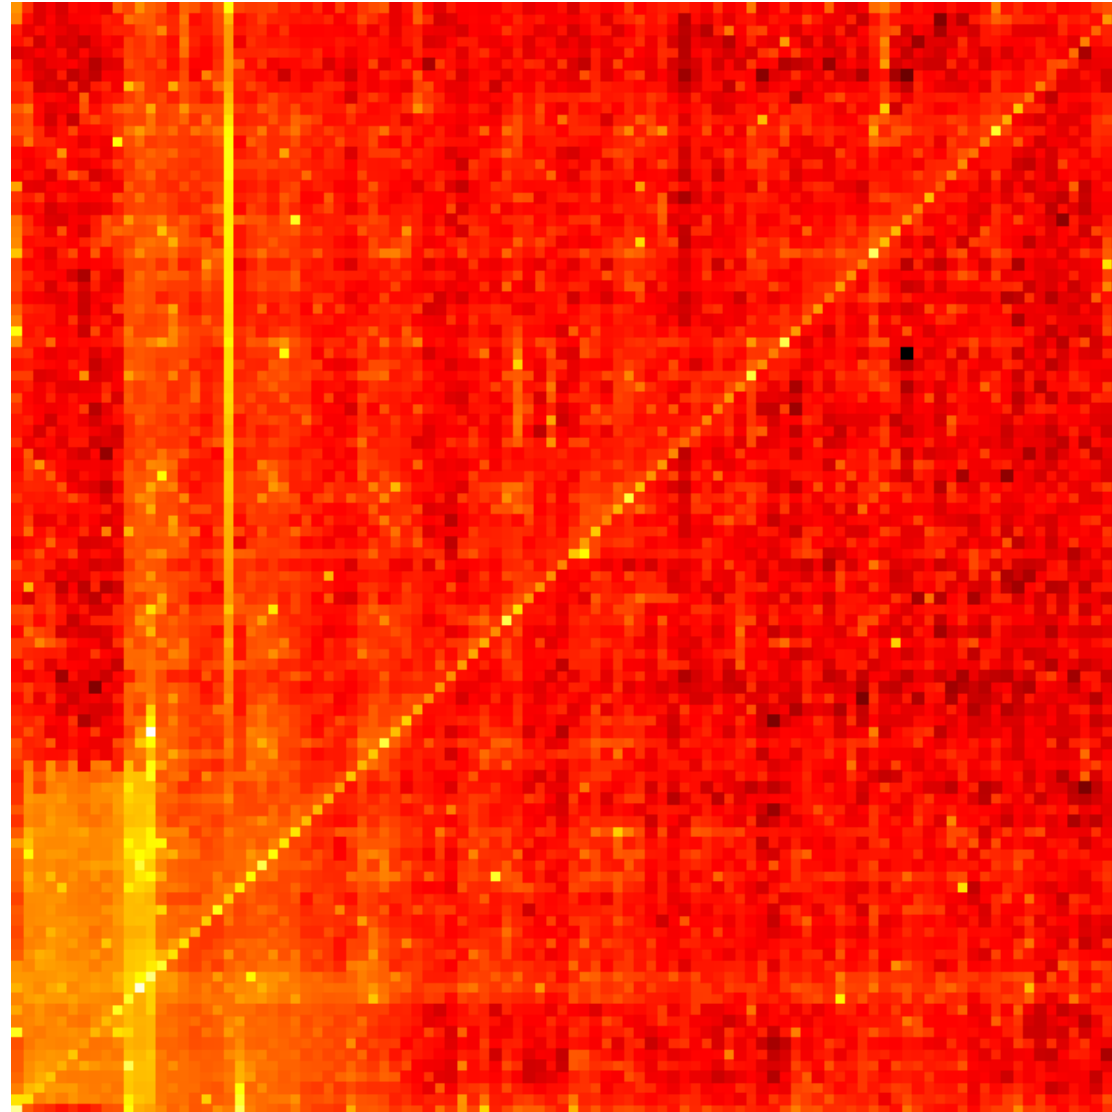

Questions from Module 4?

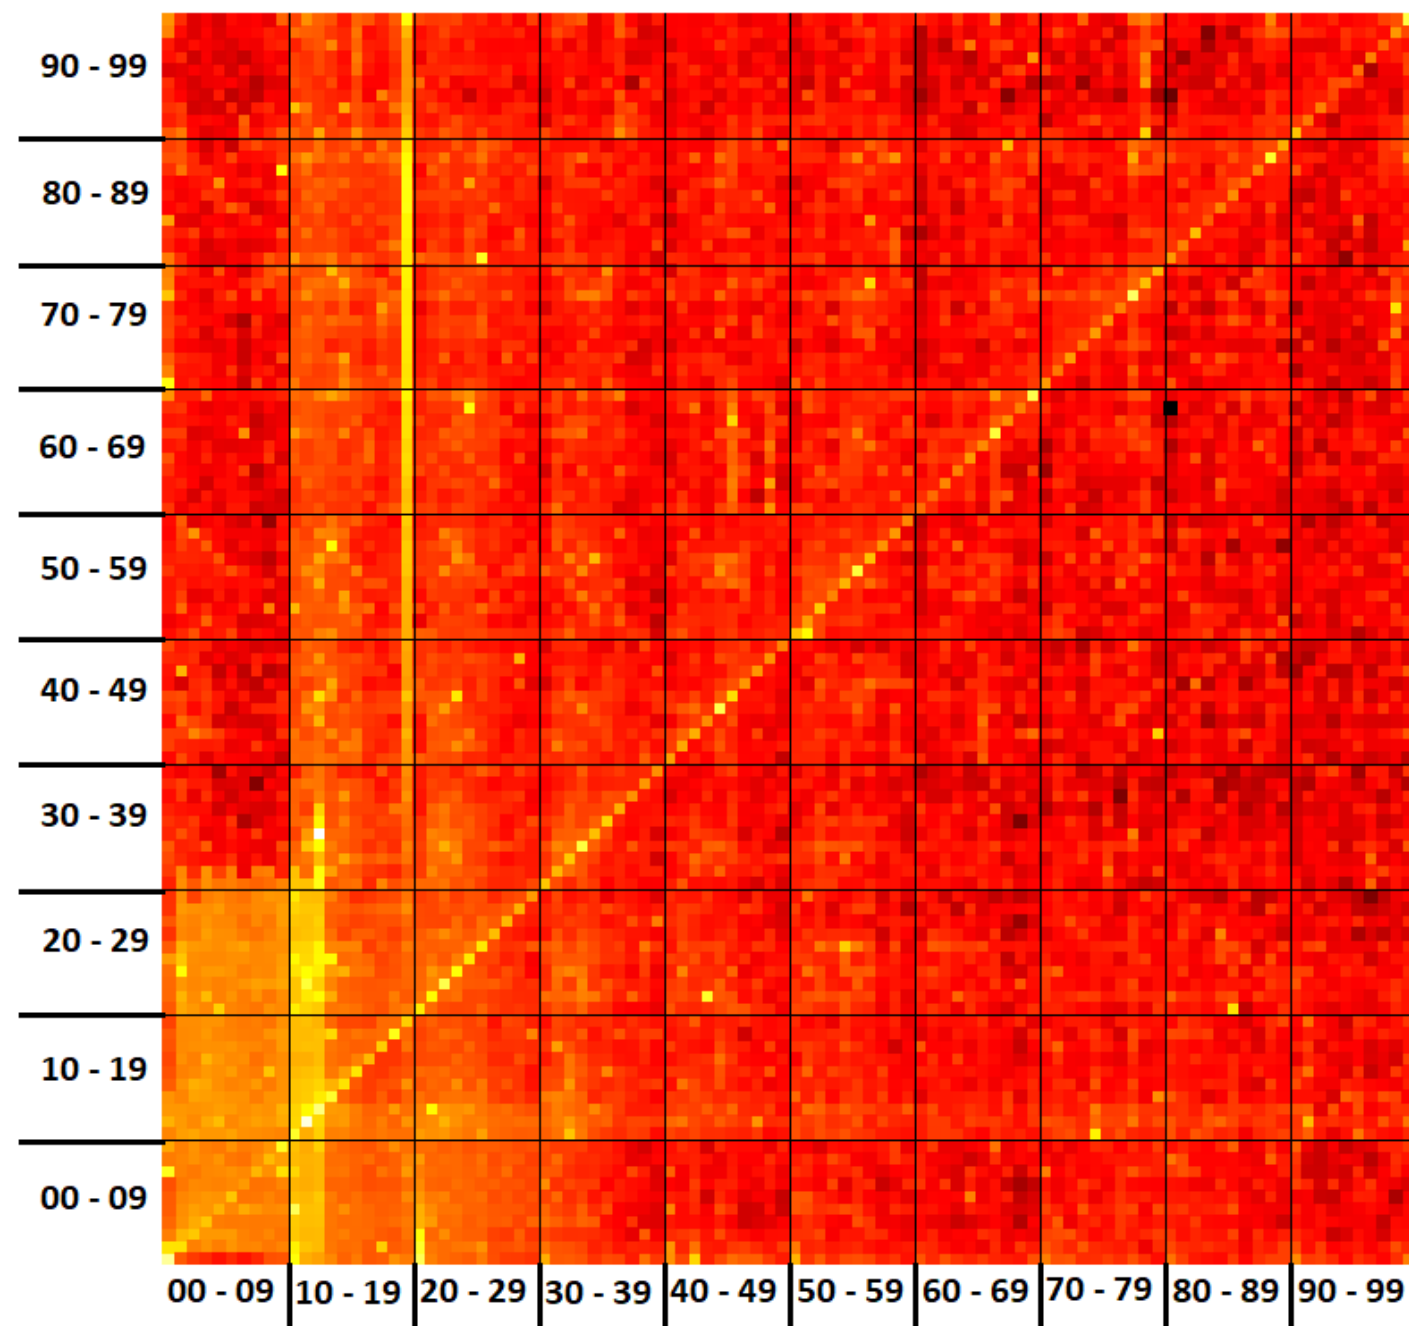

Data exploration: KNIME

- Download the [import-85.csv](#) file from Canvas
- Do some data exploration in KNIME
 - Relationships between attributes, outliers...
- This is essentially what you will be doing in the assignment

Q&A: Visual data exploration

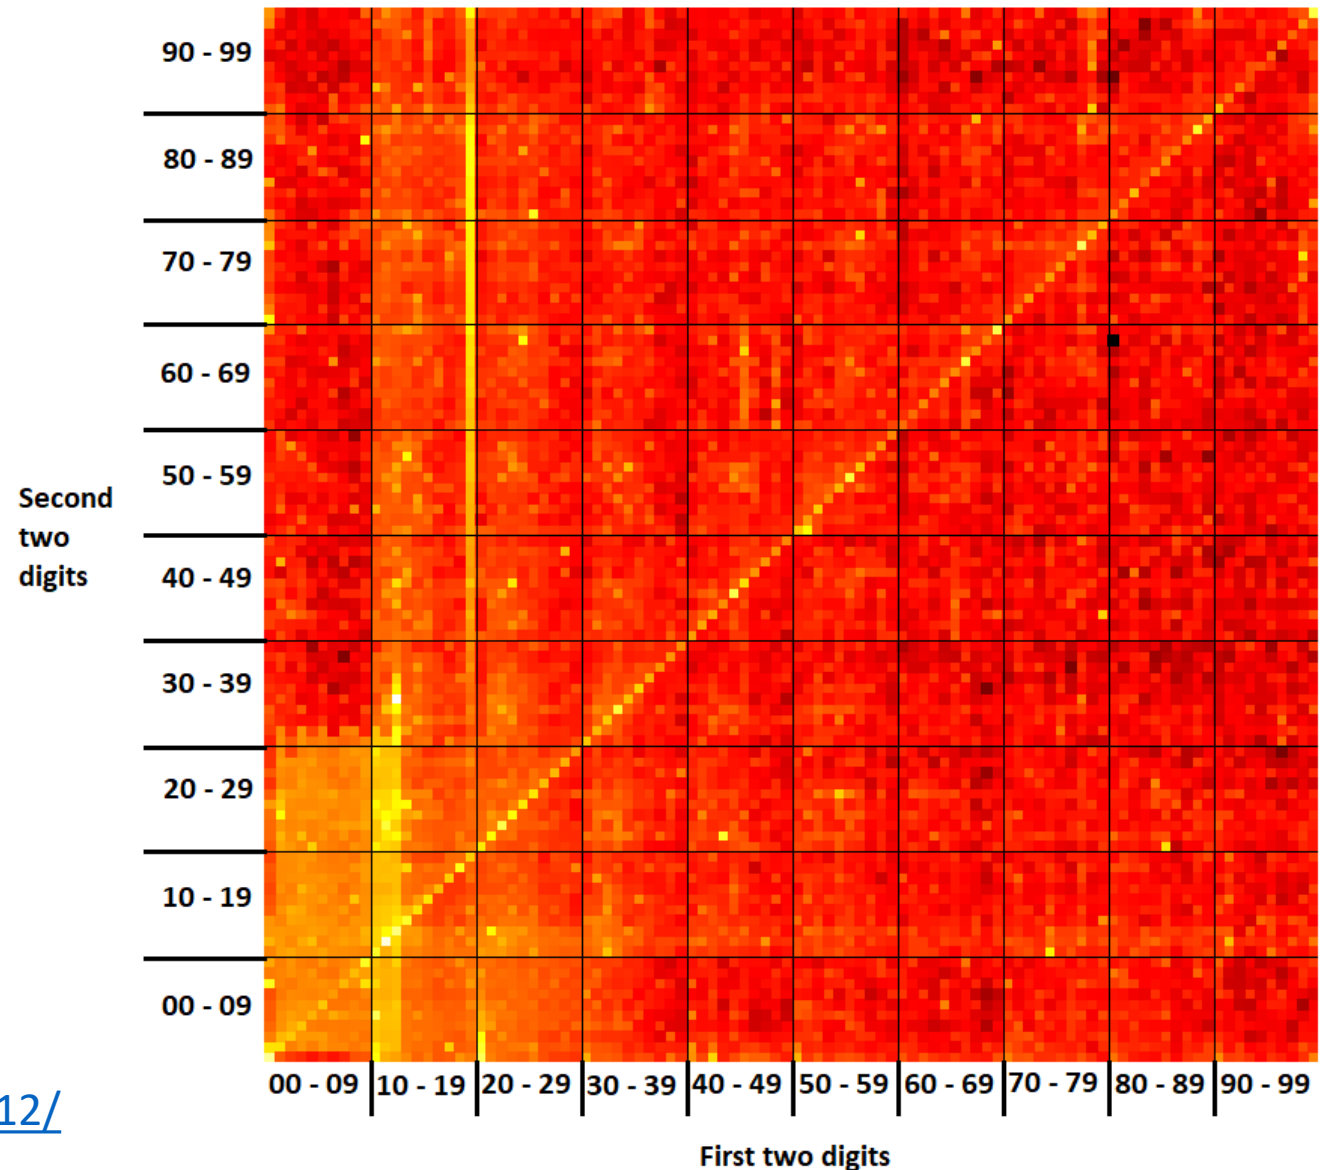

Frequencies of four-digit PINs

What can this tell us about...

- How people choose PINs?
- What is a good or bad PIN?
- The population sampled?

Frequencies of four-digit PINs

What can this tell us about...
